

# MPS-PA Mentoring Program

## Office of Executive Programs

### School of Public Policy

Hello, I am Clyde A. Moore. I'm humbled by this honor to lead the MPS-PA Mentoring program. While enrolled in the School of Public Policy MPM program (2018), I realized the need to establish a mentoring program that would serve as a sounding board and coach to help guide students through the many rigors and challenges of a top-tier graduate program and prepare them for post-graduation career opportunities. As it did for me, may your studies challenge and inspire you. Congratulations on your decision to continue your education! I look forward to meeting you!
